LOOK WHAT'S NEW!
Melissa's mammoth sized ojai pixie tangerines

Ojai Pixie Tangerines are a true California gem, grown by a co-op of about 60 family farms in the sunny Ojai Valley. The valley's unique East-West orientation means the sun shines on these tangerines all day long, giving them their signature sweetness—what we like to call "tasting like sunshine." In season from March to May, these late-season mandarins are hands down the sweetest of the season. Ojai Pixies have the ideal balance of tangy brightness, juicy sweetness, and smooth, fragrant citrus flavor. The valley's warm days and cool nights create the perfect conditions for these mandarins to soak up all that sweetness. They're seedless, easy to peel, and absolutely delicious!

Don't Wait! Short Season! Get 'em while they're available!
